SCHOOL AND COMMUNITY PROFILE

Highland Springs High School is one of nine high schools in Henrico County. The school is located in eastern Henrico County in the unincorporated town of Highland Springs. The school serves about 1,900 students and has a faculty and staff of 160. Highland Springs High School is home to the Center for Engineering Specialty Center and the Advance College Academy for Business Administration (ACA). Highland Springs High School also shares a campus with the Advanced Career Education Center at Highland Springs, one of two technical centers within Henrico County Public Schools. Our students have opportunities available to them at these two advanced career technical centers.

ACADEMIC CHARACTERISTICS

The school year is divided into two semesters. A semester is 18 weeks with two nine week reporting periods. The curriculum offers a variety of college-prep, Advanced Placement and honors courses as well as a variety of electives in Business, Marketing, Family and Consumer Sciences, Technology Education, Fine Arts and the general academic areas.

All HCPS courses for SY20-21 appear with a "DL" (Distance Learning) designation on the high school transcript as a result of VDOE procedures for data collection requiring section coding to reflect instructional delivery in a fully-virtual or blended-learning format in response to the COVID-19 pandemic.

AP Curriculum

Specialty Center: Center for Engineering

The Center for Engineering is a rigorous pre-engineering program founded in advanced studies of mathematics and science. Strong academic preparation is emphasized in the study of engineering, architecture and design as applied to aeronautics, mass transit and other public/private transportation.

ACA Specialty Center: Advance College Academy in Business Administration

The ACA provides the opportunity for students to earn both an advanced studies diploma and an Associate of Science degree in Business Administration from Reynolds Community College. All 61 credits are eligible for transfer to a four-year college or university.

GPA and CLASS RANKING

Class rank and grade point average are determined by the levels of courses taken and the grades earned in those courses. Grades earned in courses completed in middle school that were awarded a high school credit will not be computed as part of the high school cumulative GPA. High school courses completed during the summer before entering ninth grade will be included in the GPA. Students are ranked numerically in ascending order, according to GPA, at the end of the junior year and at the end of first semester of the senior year. Students who are earning either a Standard or an Advanced Studies diploma are included in class rank. Beginning with the class of 2017, total grade points include an additional 0.5 quality point for any honors and a 1.0 quality point for any AP/dual-enrollment class taken.

Grading Scale (effective Sept. 2, 2014)
